

Eshback whips GOP foes

Con-Con proposals approved

STROUDSBURG — Monroe County voters approved by a near two to one margin the five constitutional reform questions. The final unofficial vote was 16,297 to 8,659.

The vote on the questions is as follows:

Question One — Legislative Apportionment: 3,435 yes; 1,558 no.

Question Two — State Finance: 3,439 yes; 1,572 no.

Question Three — Taxation: 3,208 yes; 1,683 no.

Question Four — Local Government: 3,331 yes; 1,600 no.

Question Five — Judiciary: 2,884 yes; 2,186 no.

Based on early returns, Keystone state voters, in a light turnout, appeared to be approving the proposed constitutional amendments, three of them by margins of better than 2 to 1.

The constitutional revision questions involving local government, state finance and legislative reapportionment were running well ahead in the yes column.

The proposed amendments, which could vitally affect every resident of the commonwealth, all received varying affirmative leads as the votes trickled in. The reporting was a slow, tedious process made more difficult by the nationwide telephone strike.

Henderson tops Rooney in county

STROUDSBURG — Congressman Fred B. Rooney, D-Bethlehem, will be seeking his third full term in November after both he and his opponent, Paul Henderson, Lehigh County sheriff, posted uncontested victories Tuesday.

Rooney, who succeeded the late Francis R. (Tad) Walter by winning a special election in 1963, tallied 240,203 votes in the 15th District, according to incomplete and unofficial returns.

Henderson, who will be part of a determined bid by the Republicans to win in November, tallied 21,043 votes.

In Monroe County, Henderson polled 2,664 votes to 2,485 for Rooney.

Very little interest was generated in the congressional primary because both candidates ran unopposed.

While the district has a heavy Democratic registration majority, in the last general election, Rooney was beaten in both Lehigh and Monroe, but his Northampton vote enabled him to beat Lehigh County District Attorney George Joseph.

he managed to tally one vote to 18 for Reese.

Typical of the landslide was East Stroudsburg Borough voting with a six-ward total of 423 for Reese and 16 for Garman.

The late radio, newspaper, and poster campaign by Garman was never regarded a serious threat to Reese, county chairman since 1966 and serving in his second term.

Garman's one-man campaign was largely financed on his own while Reese did almost no campaigning on his own behalf in the face of the late challenge.

Garman took votes in 27 districts but failed to hold a lead in any of the county balloting.

Running unopposed for the Democratic county chairmanship former county commissioner Stuart P. Pipher tallied 1,790 votes.

Pipher entered the election as the party's choice for chairman after incumbent Melvin Hunt chose to step down in favor of the Tannersville native.

Fulfilling obligation to vote

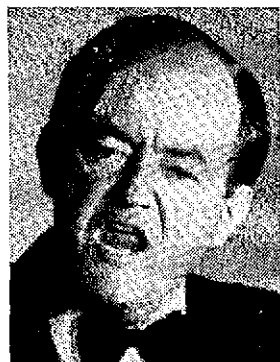

A Monroe County citizen, with the aid of crutches, exercises his obligation to vote during the primary election at Middle Smithfield Tuesday. This obligation wasn't shared by many other voters

as a light turnout was reported throughout Monroe, Pike, Wayne and Northampton counties and virtually every other section of Pennsylvania.

McCarthy draws 1,540 in county

Humphrey leading write-in

Hubert H. Humphrey

STROUDSBURG — Sen. Eugene McCarthy, running unopposed for President, drew 1,540 Monroe County Democratic votes, nearly half of the total Democratic Primary county unofficial vote which was 2,752.

Barrett Township gave McCarthy 138 votes as opposed to Eldred Township which cast a total of two write-in votes for Richard Nixon.

Nixon, Republican Presidential candidate, drew the highest number of Presidential write-ins, 205, in unofficial election returns from Monroe County's 35 districts.

Vice President Hubert Humphrey edged out Sen. Robert F. Kennedy by 106-101.

Other write-in candidates were Rockefeller, 95; President Johnson, 50; Gov. Shafer, 20; Gov. George Wallace, 10; Gov. Ronald Reagan, 14; Sen. Charles Percy, 3; Gov. Mark Hatfield, one; Mayor John Lindsey, three, and Gov. George Romney and William Buckley, one each.

Democrat McCarthy was the only candidate on the presidential preference ballot. With 1,549 precincts reported, the Minnesota senator, an opponent of President Johnson's war policy, had

Incumbent nominated sixth time

STROUDSBURG — Veteran State Representative J. Russell Eshback beat back the challenge of two Republican opponents Tuesday and was propelled into the general election against Democratic Attorney Peter J. O'Brien.

In the 139th District, according to unofficial and incomplete returns, Eshback polled 3,494 votes to 1,621 for Attorney Edwin Krawitz, East Stroudsburg, and 2,648 for Henry Finn, Waymart businessman who was making a second bid to unseat Eshback.

O'Brien, who lives in Mount Pocono and ran unopposed, received 1,752 votes in the entire district, which comprises parts of Monroe and all of Pike and Wayne counties.

Strong showing
Eshback's showing in Monroe was surprising in light of the fact that Krawitz was the only county resident in the contest.

In the 23 voting districts in the county Eshback piled up 1,646 to 833 for Krawitz and 238 for Finn.

The Bushkill farmer had the endorsement of Gov. Raymond Shafer.

O'Brien, who is making his first bid for public office, now faces a general election against a proven vote-getter in a district in which Republicans outnumber Democrats almost two to one.

Vigorous campaign
Krawitz ran a vigorous campaign and based his chance on the fact that he had ties in all three counties in the district.

However, a light vote helped Eshback to a comparatively easy victory.

Finn piled up a large lead in his native Wayne, but lost heavily in both Monroe and Pike.

Eshback is seeking his sixth term in the General Assembly.

Reese faces possible loss as delegate

STROUDSBURG — Dr. Evan C. Reese apparently has lost his bid to become a delegate to the Republican national convention in Miami Beach in August.

According to incomplete and unofficial returns the Republican delegates will be John D. Wood, Bethlehem, and Barbara Y. Benner, Allentown. The GOP alternates will be Theodore Berger, Allentown, and David Stoddard, Bangor.

The four candidates who apparently won as Democrat delegates in the 15th District were John M. Coleman, Easton; Paul A. Pletschschner, Easton; Atty. Justin D. Jirulanio, Bethlehem, and Robert Ungerleider, Bethlehem.

W. C. G. (Bud) Peterson, Stroudsburg, was unsuccessful in his contest as a Democratic delegate.

Clark wins by wide margin over Dent in county, state

STROUDSBURG — In state balloting, Monroe County Democrats voted for incumbent United States Senator Joseph S. Clark by a large margin over his opponent for the Democratic candidacy, John H. Dent.

Philadelphia Clark is running for his third term in the United States Senate. Local Democrats gave him an unofficial total of 1,597 votes to 1,155 for U.S. Congressman Dent of Jeannette.

Meanwhile the Republicans were rolling up 3,684 votes for Richard S. Schweiker who will be the Republican candidate for U.S. Senator. He pulled more Monroe County votes than the combined totals of both Clark and Dent.

State contests
In the other Democratic state contest Monroe County Democrats gave the nod to Grace M. Sloan of Clarion, for candidate for State Treasurer, a post she held from 1961. Since 1965 she has been serving as Auditor General.

She received 1,621 local votes to 767 for her Democratic opponent, June M. Reynolds of Pittsburgh.

Republican candidate for state treasurer will be Frank J. Pasquerella of Johnston. Running for state office for the first time, unopposed, he collected 2,947 local votes.

In voting for Judge of the Superior Court both Republican and Democratic voters favored the candidate living nearest. Both candidates were running on both tickets. John B. Hannum of Chester County collected 2,138 Republican votes and 1,172 Democratic votes in Monroe County. His opponent

Sen. Joseph S. Clark

William F. Cercone of Allegheny County had had 1,217 Republican votes and 1,004 Democratic votes.

Although there were no contests in either party for the candidacy for auditor general, there was evident local interest. The Republican standard bearer Warner DePuy of Pike County rolled up a total of 3,236 votes, second only to Schweiker on

Third F111 plane downed

SAIGON (AP) — A third U.S. Air Force F111 has been lost since the \$6-million, swing-wing fighter-bombers entered the Vietnam war less than a month ago, the U.S. Command reported Tuesday.

The command said the plane was believed to have crashed Monday night in Thailand, but it had no further information on the plane or the fate of its two-man crew.

the Republican state ticket.

On the Democratic side, Robert P. Casey of Lackawanna County Democratic candidate for governor in the last election led the Democratic state ticket in this county with 2,307 votes.

The 65-year-old Clark, who won renomination, was critical of President Johnson's Vietnam policy, thus will seek a third term in the Senate this November against the challenge of U.S. Rep. Richard S. Schweiker, who was unopposed for the Republican senate nomination.

While he refused to concede defeat to Clark, Dent said before midnight Tuesday, "If I lose by less than 75,000 I'll consider it a moral victory."

Dent, a vocal supporter of President Johnson's domestic and foreign policies, campaigned against Clark charging the incumbent Democrat had been double talking about administration policies, especially in Vietnam. Clark is recognized as a dove in the continuing Washington battle of hawks and doves.

The 60-year-old Dent, a native of Jeannette, also ran for renomination to the House. He was elected to Congress in a special election in 1958 and has served there since.

STROUDSBURG — Democrat Samuel W. Newman, Stroudsburg, and Republican Edward Katz, Stroud Township, won election to the state committee Tuesday in Monroe County's portion of the 18th District.

Both party candidates ran unopposed with Katz, a onetime unsuccessful GOP candidate for nomination as a county commissioner.

Katz polled 1,135 votes, while Newman, former Monroe County Solicitor tallied 924 votes in unofficial primary

By THE ASSOCIATED PRESS

Tornadoes swirled out of a broad band of thunderstorms and smashed sections of the Midwest Tuesday, leaving 12 dead, scores injured and hundreds homeless.

Voters fail to respond to election

STROUDSBURG — Despite a balmy spring day and sunny skies, less than 33 per cent of Monroe County's 19,635 registered voters turned out Tuesday in a primary election which offered few contests for local offices.

J. Russell Eshback, Bushkill, incumbent Republican nominee for state representative in the 139th District, fended off a challenge by attorney Edwin Krawitz of East Stroudsburg and businessman Henry A. Finn of Wayne County to win renomination handily.

While Finn garnered a two-to-one margin in his home county, Eshback's lead of over three-to-one in Pike County and his majority in Monroe County made him an easy winner. Krawitz was never in the running.

"The response of my supporters at the polls was tremendous despite the low turnout," Eshback said Tuesday night.

"I feel the voices of the people were heard and I will carry my vigorous primary campaign right through to victory in November."

"I knew it would be a hard fight in the primary because both of my opponents were formidable foes. Now I hope we will band together to reach the ultimate goal—a Republican sweep in the general election," Eshback said.

Reese, elated over the heavier Republican turnout of voters, said Tuesday night, "The election today in Monroe County proves that Republicans continue to be interested in our county and national affairs. I am particularly pleased that a large percentage of the Republican electorate saw fit to participate by voting in this primary election."

Reese crushes late write-in threat by Garman for GOP post

STROUDSBURG — Incumbent Republican County Chairman Dr. Evan C. Reese Tuesday had no trouble crushing a late write-in challenge by East Stroudsburg State College assistant professor John Garman, overwhelming his opponent 3,100 to 185, unofficially, during a light turnout at the polls.

Garman made a late entry into the race for the GOP chairmanship charging Reese with aiding to partly disunity and assailing several ranking Republicans with a "conflict of interests."

The ESSC chemistry teacher officially declared his candidacy as a write-in April 16 and at that time expressed doubt that he would win Tuesday's election, but added that if his name had appeared on the ballot, "I certainly would have won the election."

Garman, in the late developing campaign said that he was "challenging the organi-

zation and doing it the hard way."

The incumbent posted his greatest margin of victory in Barrett Township, winning the municipality 307-26.

Garman's closest challenge came in Price Township where

Methodists complete largest U.S. merger

DALLAS (AP) — The United Methodist Church, biggest merger in American Protestant history, was established Tuesday in a drama of vivid symbolism and stirring solemnities.

At the climactic moment, a huge throng of 10,000 joined hands and proclaimed: "Lord of the Church, we are united in Thee, in thy Church, and now in the United Methodist Church."

It includes the former 10.3-million-member Methodist Church and 750,000-member Evangelical United Brethren Church in a new denomination of more than 11 million confirmed members in this country.

A fanfare of trumpets opened the two hours of prayer, hymns and pageantry.

"We stand here on a threshold," the Rev. Dr. Albert C. Outler, a noted theologian, told the huge assembly which packed Dallas Memorial auditorium. "A new horizon looms ahead."

"Let us... be a church united in order to be uniting, a church repentant in order to be a church redemptive, a church cruciform in order to manifest God's triumphant agony for mankind."

The key words of unification first were spoken by two bishops of the merging churches, E. U. Bishop Reuben H. Mueller, of Indianapolis, and Methodist Bishop Lloyd C. Wicke, of New York.

They clasped hands over a table bearing basic documents of the church, hymnbooks, worship manuals, the Bible, and intoned together "... we are united..."

Mao could be ousted by unrest Soviets claim

MOSCOW (AP) — Communist rule in China could be overthrown because of "a surging wave of discontent" created by the policies of Mao Tse-tung, the Soviet Communist party said Tuesday.

An editorial in the Soviet party's theoretical journal *Kommunist* indicated that the Kremlin is despairing of China's returning to a calm, stable form of communism.

Instead, the Kremlin appeared worried that China might cease to be a Communist country. What might succeed communism in China was not suggested.

"What is now taking place in China is causing growing concern and anxiety among Marxists-Leninists throughout the world," *Kommunist* said.

"Already clearly in sight is the danger of a change in the nature of government in the country and, hence, a real danger to the Socialist (Communist) gains of the Chinese revolution."

The editorial added that Mao's policies are harming the Communist and revolutionary movement by leading China away from the world movement and converting China "into a force hostile to the Soviet Union and other Socialist countries."

The editorial appeared on the eve of a meeting in Budapest by many of the world's Communist parties to organize a world Communist conference against "imperialism" in Moscow this autumn. China has opposed the Soviet-directed move as aimed against it.

Looking over the history of communism in China, *Kommunist* reached the conclusion that Mao never had really been a true Communist.

Astronaut changes mind about flying

SPACE CENTER, Houston, Tex. (AP) — Dr. Brian T. O'Leary, one of 11 men selected last August to be scientist astronauts, withdrew from the space-men's training program Tuesday because, he said, he dislikes flying.

O'Leary, 28, informed the National Aeronautics and Space Administration of his decision after soloing and completing about 15 hours of flying time in a jet pilot training program at Williams Air Force Base at Chandler, Ariz.

"Flying just isn't my cup of tea," the Boston native explained.

O'Leary and nine of the others selected by NASA last August were non-pilots. They started pilot training after completing four months of general academic training in space-related subjects.

In a letter to friends, O'Leary said he was not leaving the space program, but hoped to remain as a researcher in planetary astronomy. Donald K. Slayton, the Manned Spacecraft Center director of flight crew operations, said NASA would try to find a proper slot for O'Leary in the space program.

O'Leary's resignation leaves 54 astronauts active in the program. He is the fourth space-man to resign. The others were Col. John Glenn, Cmdr. Scott Carpenter, and Dr. Diane Graveline.

State ready to fight pornography

HARRISBURG (AP) — Atty. Gen. William C. Senott was directed by Gov. Shafer Tuesday to draft legislation to provide tight controls on the sale of pornographic material to children.

The directive came a day after the U. S. Supreme Court ruled that states may pass laws making it a crime to sell pornographic matter to children.

A Shafer aide said Pennsylvania currently has no state law prohibiting sales to children but there are several local ordinances.

"The easy access of pornography to our young people and the problems it creates for society is something the state must be deeply concerned about," Shafer said in a statement.

"This important Supreme Court decision now clears the way for us to take action to protect our children from the influence of the smut peddlers."

Justice (William) Brennan said in the opinion that the well being of its children is a subject within the state's constitutional power to regulate.

"As governor, I want to make certain that we do everything possible to exercise that power within the constitutional framework that the Supreme Court has now outlined for the state. I have asked the attorney general to review the opinion and propose what other legislation is necessary to protect our children from the degrading influence of pornography."

Justices (William) Brennan and Warren said in the opinion that the well being of its children is a subject within the state's constitutional power to regulate.

Commons approves anti-bias law

LONDON (AP) — The House of Commons gave first approval Tuesday night to a bitterly contested government bill to outlaw racial discrimination in wide sections of British life. But the measure faces a tough battle in committee.

The Conservative opposition, which tried in vain to kill the bill, was split on the issue and its leadership embarrassed by a speech made by Enoch Powell likening the bill to a match touched to gunpowder.

Powell was dismissed from the party leadership for it and given an elegant tongue-lashing by Conservative chiefs in the one-day Commons debate.

Workers in a half dozen plants staged token strikes in support of Powell and hundreds of tough London longshoremen marched on the House of Commons to shout their support for him. As they stood outside, they jeered individual Negroes and Indians going in to watch the debate.

The key vote came on the Conservative move to present the bill from receiving a second reading—approval in principle. Liberals backed the Labor government for a vote of 313 to 269 turning back the Tory move.

Czechs assert position

PRAGUE (AP) — Czechoslovakia's liberal government warned the Soviet Union against interference in its internal affairs Tuesday and told Moscow it would walk out of a world Communist meeting in Budapest Wednesday if criticized there, reliable sources reported.

They said the leader of the Czechoslovak delegation, Jozef Lenart, secretary of the party Central Committee, had been authorized to tell his Soviet counterpart that "interference in Czechoslovak internal affairs" must stop.

The threat of a walkout meant that Czechoslovakia was ready to assume renegade status within the European Communist world, joining Romania, Yugoslavia and Albania. None of the three is represented among delegates gathering in Budapest.

Behind Czechoslovakia's stand was the Soviet Union's backing of conservative elements with the Czech Communist party who are opposed to the liberal course of First Secretary Alexander Dubcek.

The situation was strained by unconfirmed reports that Soviet Ambassador I.V. Chervolenko had several meetings earlier this month with Antonin Novotny, the party leader and president ousted by Dubcek.

Curtis Publishing elects president

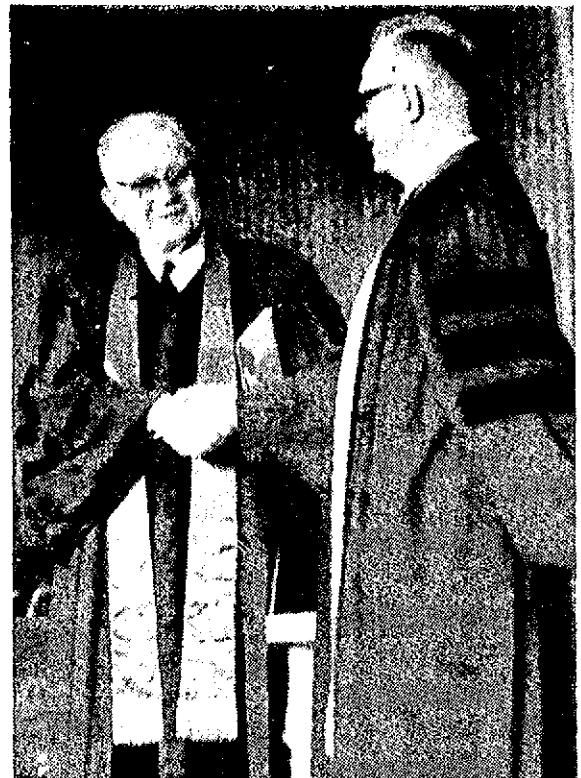

PHILADELPHIA (AP) — Directors of the financially troubled Curtis Publishing Co. have elected Martin S. Ackerman, 36, its new president.

Ackerman, a New York lawyer and businessman, was elected Monday to succeed John M. Clifford, who was elevated to the post of board chairman. That job has been vacant since 1964, when Matthew J. Culligan left.

Neither Hogg nor Home Secretary James Callaghan who defended the bill, had to fend aside a single interruption.

But outside Commons and in the lobby where constituents meet their members of Parliament, the level of debate was closer to the streetcorner.

As they waited to be admitted, the longshoremen sang such songs as "Bye, Bye Blackbird" and "Mammy." They carried placards reading "Back Britain, not black Britain." There were at least 500 of them.

Alabama seeks to stop unmarried sex, welfare

WASHINGTON (AP) — Alabama appealed to the Supreme Court Tuesday to discourage unmarried sex by approving cut-offs in aid to needy children.

If welfare payments to the children continue while the mother is having an affair, said Asst. Atty. Gen. Mary Lee Stapp, government is financing illegitimacy.

"The theory over the country for years is that a child does not get aid if there are two un-bodily persons in the house," Mrs. Stapp said.

A mother living with a man who is not her husband "does not reflect the way we do things in this country and should be discouraged," she added firmly.

Alabama is one of 18 states that have laws providing for cut-offs in welfare payments to fatherless children if the mother is having illicit relations with another man.

Last November a federal court in Montgomery stamped Alabama's regulation unconstitutional. The state appealed.

An American Civil Liberties Union attorney, Martin Garbus, told the court nearly half a million children are denied aid in the 18 states.

Though the federal government puts up a big share of the money for the Aid to Dependent Children program, Garbus said, all it can do to combat such regulations is to halt aid entirely.

He asked the court to prohibit Alabama, and all states, from using the mother's conduct as a factor in deciding which children can get welfare help and which cannot.

Then the new, specially-designed, yellow-colored Form 1040-X just introduced by the Internal Revenue Service is tailor-made for you, Seymour I. Friedman, IRS District Director for Eastern Pennsylvania, said today.

Pike passes five questions

MILFORD — The five constitutional reform questions were approved by Pike County voters 1989 to 1050 in seven out of the 14 districts reporting.

Following is the vote on the five questions:

Question One — Legislative Apportionment: 440 yes; 192 no.
Question Two — State Finance: 336 yes; 184 no.

We put our old bus in a new box.

If there was anything the old bus didn't need, it was more room on the inside. Which brings us to the first thing you should know about the new box.

There's more room on the inside. In fact, the Volkswagen Station Wagon has almost twice as much room inside as conventional station wagons.

On the outside (which is a little bigger, too) we replaced the 13 little windows with 8 big ones. And one of them is a wraparound windshield.

What next? A wraparound bumper to help you step up into the driver's compartment through wider front doors.

As for the 2 side doors, they're not there anymore. We replaced them with a single sliding safety door. It locks when it's open and locks when it's closed.

An aisle through to the back is now standard equipment. (After all, what's a bus without an aisle?)

If you'd rather do without the charm and convenience of an aisle, it'll cost you.

But you'll get 2 more seats (total: 9) for your trouble.

Only Volkswagen would give you fewer windows. Fewer doors. Fewer seats.

And call it an improved wagon.

Take stand on one method

Recent action by the Stroudsburg School Board reminds us of that great Irish sleight-of-hand artist, "In-Again, Out-Again, Finnigan."

The board at first supported the one per cent earned income tax to lift it from the pits of a \$200,000 debt. Then the board was of the opinion that it might drop the new form of taxation.

Another regrouping of minds brought a decision to go through with the tax. However, last weekend, board members were of the opinion that the entire plan may be dropped in favor of a large increase in occupational taxes and a smaller raise in real estate millage.

There is a fear that the occupational tax could rise to 150 from its current 60 mills mark. The present real estate millage is 44.

We feel that the Stroudsburg School Board is making a sad mistake. It's initial move was, as far as we know, based on solid fact and the need for money is genuine.

An earned income tax of one per cent is the fairest and least painful of all tax payments. It would be the most popular means of taxation.

We feel that any other form of taxation hurts the people who have been carrying most of the load most of the time. Any new form of taxation must be spread among the populace, not loading the property owner down with another tax burden.

This constant shifting from "on" to "off" and back again can't do anything but hurt the school's campaign for money.

A well devised plan and fair enforcement of the plan will be the only means of enriching Stroudsburg School District's vacant treasury.

Job well done

Congratulations are in order this morning for District 741 of Rotary International, following the organization's conference at Pocono Manor Inn last weekend.

Scores of members from 41 regional communities attended the three-day session, under the direction of Walter H. Sebring, who is governor of the district and Monroe County's superintendent of schools.

The attendance, although no figures were announced, is reportedly the largest to ever attend a meeting of this district unit.

Outstanding speakers, gathering of Exchange Students, floor shows, dances and a closing memorial service were among the highlights of the weekend gathering.

Congratulations are in order not because most of the people present had a good time, but rather because the entire program was well planned and the plans in turn were carried out to the letter.

One of the major topics of the conference was the Rotary youth program, which has grown by leaps and bounds over the years. Rotary International has made possible the Exchange program which has allowed many American youngsters to see the world and many foreign boys and girls to visit the United States.

The youth discussions were very popular among the visiting Rotarians and the topic was never more timely.

It is the general consensus of opinion that the weekend convention was truly outstanding.

Light side

With Gene Brown

After a month of married life, the glamor wore off and the young couple went to see a psychiatrist. After talking to the couple for a while, the psychiatrist suddenly swept the woman into his arms and kissed her. "Now," said the doctor, looking at the husband, "this is the treatment she needs Mondays, Wednesdays and Fridays."

"Very good, Doc," said the husband. "I can bring her here on Mondays and Wednesdays, but on Fridays I play golf."

An ancient Shah decided he would be the happiest man in the world if only he knew how to handle domineering wives. An idea came to him and he called together all the married men of his kingdom. He wanted to get advice from the men who weren't henpecked and so he commanded: "All of you who are not henpecked stand on my left and all of you who are henpecked stand on my right."

Some wore quite sheepish expressions but they all moved over to the monarch's right. All but one man, that is. The Shah was quite pleased to note this one exception. "I am delighted to see that at least I have you standing on my left side," declared the ruler.

"I am glad it pleases you," said the man with a little gulp. "It pleases my wife too. She told me to be sure to keep away from crowds."

History says over and over: Revolutions start when people become less important than property. When large groups of people begin to feel that they have nothing to lose, a revolution is spawned.

After talking with the gossiping neighbor, the man burst into his wife's boudoir. "Aha, you miserable wretch! Now I know everything!"

"Oh, yeah," responded his wife. "When was the battle of Bunker Hill?"

Ann Landers

Game like kids play

Dear Ann Landers: That letter from Mervyn, the big sport who won a trip to London as first prize in a sales contest made me laugh. It seems his girl was disappointed when he brought her a clump of dirt from the British Airport and called it a "gift."

I laughed, Ann, because it reminded me of a little game we used to play when we were kids. It's too bad the girl didn't know about the game because it would have been an appropriate way to thank Mervyn for his "generosity."

When a new kid moved into our neighborhood we would welcome him warmly and offer to tell his fortune. The fortune teller would wrap a dish towel around his hand and use an old bowl as the crystal ball. The newcomer would extend his hand and the fortune teller would put a clump of dirt in his palm and say, "You are going to inherit a valuable piece of real estate. It is a beautiful lot in the best part of town. You will build a 16-room house on the lot. It will be the prettiest home in the city."

Then the fortune teller would reach under his chair where he has a small glass of water handy and pour a little water into the newcomer's hand — enough to make a nice muddy mess and say, "I see you are also going to have a swimming pool. Aren't you the lucky one!"

This was considered the best way to test a newcomer. If he laughed and took it well he was accepted as O.K. Thanks for bringing back a childhood memory.

— EX FORTUNE TELLER

Dear Ex: Funny you should have brought up that little game. Someone tried it on me when I was eight. I remember clearly that I thanked the fortune teller profusely and paid him for his reading by insisting that he share my real estate and swimming pool. He got half of it back — right in the kisser.

Dear Ann Landers: My husband's brother had his wife

are creating a serious problem in our family and I need your help. They drive a very old car and it always has something wrong with it. Our car is not new but it is in excellent condition because we keep it that way.

At least twice a week they ask if they can borrow our car. My brother-in-law is a poor driver and had been in several minor accidents. Yesterday he returned our car with a broken tail light, an empty gas tank and a mysterious dent in the fender. Yet my husband insists we must let them take our car whenever they ask. He says he would never forgive himself if they were killed because the

brakes konked out on their car or a tire blew. He claims we would be directly responsible. Also, he says he does not want them to be mad at us. I would like to hear your views.

—MARRIED TO A CHUMP

Dear Married: In a situation like this, somebody is bound to be mad. Let it be them. If your brother-in-law is such a ding-a-ling that he would drive a beat up pile of junk with faulty brakes, whatever happens is HIS responsibility.

When you lend your car to a friend in an emergency you are a "nice guy," but when you lend it to a relative who doesn't have the decency to

return it with some gas in the tank, you are a chump.

Confidential to Disappointed In You: Sorry, you said you wanted my opinion and I gave it. What you REALLY wanted was someone to back you up. I couldn't do it because I don't believe in emotional blackmail.

Give in or lose him. . . when a guy gives you this line, look out! For tips on how to handle the super sex salesman, check Ann Landers. Read her booklet, "Necking And Petting — What Are The Limits?" College reminiscences came thick and fast at the dinner honoring Mrs. Ethel W. Ewing retiring after 36 years as secretary at the college. Mrs. Ewing, seated left is shown

Honored for long service

STROUDSBURG — Mrs. Ethel W. Ewing, whose service as secretary at East Stroudsburg State College spanned 36 years, was honored by her co-workers at a dinner party at the Beaver House.

The party was a delayed retirement party for Mrs. Ewing who retired on Jan. 19, 1968. For the past ten years, she served as secretary to the director of health and physical education at the college.

She was presented with a monetary gift from her co-workers at the party arranged by Mrs. Alice Gelinas, a long time associate.

Guests included Ellen Albenz, Helen Bell, Gloria Christman, Rita Corey, Ruth Decker, Ethel Dodson, Helen Ecker, Jane Fisk, Edith Frailey, Alice Gelinas, Martha Jedju, Evelyn Kemmerer, Carol Koehler,

Doris Kortright, Ruth Mackes, Thelma Maxwell, Mickey Mullins, Florence Muschick, Ann Neff, June Phillips, Eleanor Randolph, Ellen Shuster, Natalie Smide, Helen Smith, Miriam Smith, Audrey Smith, Dolores Sobrinsky, Maxine Taylor, Mary Lee Vican, Florence Smith.

Dessert party one answer for today's busy hostesses

Dessert and coffee parties became popular a dozen or more years ago. They're a good thing. It's not always convenient to

cook a whole meal for guests. These dessert parties should be neighborly affairs to which you ask friends living near you.

If guests have to come from afar it's best to ask them for a whole meal.

So for a dessert and coffee party, what do you serve? One excellent choice is a torte—and when it's chocolate, it's usually a hit.

That's exactly what we offer today—the cake part of this torte is of mild chocolate flavor; the frosting is bursting out with chocolate.

CHOCOLATE WALNUT TORTE

1 and 1-3rd cups sifted cake flour
1/2 cup plus 3 tablespoons sugar
1 1/2 teaspoons baking powder
1/2 teaspoon salt
1-3rd cup corn oil
1/2 cup milk
1 teaspoon vanilla
1 1/2 squares (1 1/2 ounces) unsweetened chocolate, finely grated
1/2 cup finely chopped walnuts
2 egg whites (save yolks for frosting)
1/4 teaspoon cream of tartar
Whipped cream

Chocolate Buttercream Frosting—see Recipe Below

Grease the bottom of a round layer cake pan (8 by 1 1/2 inches). Line bottom with wax paper.

Into the large bowl of electric mixer sift together the flour, 1/2 cup sugar, baking powder and salt. Make a well in the center and add corn oil, milk and vanilla. Beat gently until smooth. Fold in grated chocolate and walnuts.

In a medium mixing bowl, with clean beater, beat egg whites and cream of tartar until whites hold stiff straight peaks when beater is slowly withdrawn. Gradually beat in remaining three tablespoons sugar. Continue to beat, if necessary, until whites hold stiff straight glossy peaks when beater is slowly withdrawn. Fold (do not stir) into batter. Turn into prepared cake pan.

Bake in a 350-degree oven until cake tester inserted in center comes out clean—35 to 40 minutes. Turn out on wire rack; remove paper. With another

rack, turn right side up; cool.

Split torte in half to make two layers; put layers together with whipped cream. Spread Chocolate Buttercream Frosting over top or over top and sides. Refrigerate at least one hour before cutting.

CHOCOLATE BUTTERCREAM FROSTING

3 squares (3 ounces) semi-sweet chocolate
2 tablespoons water
2 egg yolks
1-3rd cup light corn syrup
6 tablespoons butter
1/2 teaspoon vanilla

Into a one-quart saucepan or small double-boiler put the chocolate and water. Melt over very low direct heat or over hot (not boiling) water; cool.

In the small bowl of the electric mixer, beat the egg yolks until they begin to thicken and become lemon color.

In a very small (two or three cup) saucepan bring the corn syrup to a full boil; boil one minute. Pour very slowly over egg yolks, beating constantly until very thick and a very pale lemon color. Allow to get cold.

Without washing the beater, in another small bowl, thoroughly beat the butter to soften. Add to egg yolk and syrup mixture; beat until thoroughly combined and smooth.

Add melted cooled chocolate and vanilla; beat to blend. Use as directed in Chocolate Walnut Torte recipe.

Heath favors immigration restrictions

LONDON (AP) — Conservative leader Edward Heath said Monday night he favored strict curbs on colored immigration into Britain but that he had dismissed Enoch Powell from the party high command because of "the inflammatory language" he used in urging the same curbs.

Heath said he had the unanimous backing of the party hierarchy for his action Sunday in ousting Powell from his "shadow cabinet."

In a television interview, Heath rejected—almost contemptuously—Powell's accusation that in effect the Tory leader was prepared to compromise with principle to win party unity.

Powell, Heath said, should "speak plainly and not say what he has to say by innuendo."

In a letter to Heath earlier in the day, Powell accused Heath of "unsaying policies and views which you hold and believe to be right, for fear of clamor from some section of the press or public."

Heath made clear that he considered Britain's racial problem to be twofold: assimilation of the million colored immigrants already here and the control and limitation of another 50,000 entering the country each year.

The opposition leader agreed in the main with Powell on the limitation of further immigration but disagreed with Powell's call in a Birmingham speech Saturday for the government to pay those here to go home.

The shadow cabinet met just before Heath went on the air and voted unanimous approval of his action against Powell.

Curtis String Quartet to present concert at East Stroudsburg High School in May

EAST STROUDSBURG — Members of the Curtis String Quartet, assisted by piano virtuoso Vladimir Sokoloff, will be presented in a special benefit concert at East Stroudsburg High School's Auditorium on Thursday, May 2, at 8:30 p.m.

The concert is being given as a benefit performance for the Mid-Atlantic Music and Arts Center, which recently occupied Onawa Lodge, Mountainhome, where it will conduct its 1968 music center season, as well as operate the Pocono Music Festival from June 23 to August 4.

Frank W. Dressler, president of the MAMC board of directors, said the special concert was being presented to introduce music lovers of the area to the type of music which will be offered in the festival this summer, and to give a final push to the fund raising campaign which the organization currently is conducting in the area.

"It is our hope that the high school auditorium will be filled for this concert," Dressler said, "and that our many area citizens who have been wondering what kind of music center we will be will come and hear, and go away convinced that ours will be one of the finest music festivals operating in the country this summer."

List of artists He added that the artists for the 31 concerts to be presented in the Pocono Music Festival this summer, as well as the outstanding staff of the music center, will be announced during the coming week.

The Curtis String Quartet will present a concert at East Stroudsburg High School on Thursday, May 2. The quartet features Orlando Cole, cello;

Geoffrey Michaels, violinist; Jascha Brodsky, violinist, and Max Aranoff, violinist.

The Curtis Quartet, internationally acclaimed for its ensemble playing and for its artistry as soloists, has performed together for the last two decades, and during that time has presented more than 2,500 recitals in the United States and abroad.

Max Aranoff, violinist, is founder-director of the New School of Music in Philadelphia and also is a member of the faculty at Curtis Institute of Music. Many of the country's outstanding violinists were formerly his students, and he continues to be one of the most sought-after viola teachers in the nation.

Orlando Cole, cello, also is a faculty member of the New

School of Music and Curtis Institute. As a solo artist, he has appeared in recital, with orchestras, and on radio and television in the United States and Canada.

Jascha Brodsky, violin, also is a New School and Curtis faculty member. As an internationally acclaimed soloist, he has traveled extensively throughout the United States and in Europe.

The fourth member of the quartet, Geoffrey Michaels, violin, currently is on tour in Australia. He is a graduate of Curtis, where he studied under Efrem Zimbalist. He joined the quartet in 1964.

Sokoloff has for many years been considered one of the nation's outstanding pianists. He is on the piano faculty of Curtis Institute, where his wife also teaches, and has a full schedule of recitals and appearances with symphony orchestras year in and year out.

The program to be performed by the Curtis Quartet and Sokoloff will be announced in the near future.

Dressler pointed out that no tickets are required for the concert. No seats will be reserved. Information on the Pocono Music Festival will be given to those who attend, he said.

The MAMC board president said the center will provide a six-week season of study for young music majors under the supervision of master teachers in all band and symphony instrument areas.

Students will be studying under and performing with master teachers and artists in the symphony orchestra concerts each Saturday night and the festival band and chorus each Sunday afternoon.

The Curtis Quartet will be presented in the Pocono Music Festival each Thursday night for six weeks, beginning on June 27. Season tickets for the festival also will be on sale soon, Dressler said.

Legion in special observance

CANADENSIS — Evans-Biltz Post 922 of the American Legion will join with more than 16,000 Legion community organizations and 14,000 American Legion Auxiliary units for the Legion's annual observance of Child Welfare Month during April, Post Commander George Curnoles announced Tuesday.

Post 922 will hold a public meeting at the Post Home on Spruce Cabin Road on Tuesday, April 30, at 8 p.m.

The speaker will be Charles Jones, executive director of the Monroe County Children's Bureau and the subject is "Child Welfare in the Community."

Henry Weidaw of Canadensis, is Welfare Chairman for the Post and Mrs. Lydia Christenson, Canadensis, is chairman for the Auxiliary.

National problems Currently the American Legion is directing its attention to such knotty problems as juvenile delinquency, improved services for emotionally disturbed children, expansion of outdoor recreational facilities, child safety, and the inclusion of family life education courses in our schools.

Curnoles pointed out that the American Legion and its affiliated organizations have conducted a year-round Child Welfare program since 1925, involving an expenditure of more than \$220 million.

However, he indicated that these expenditures represent only a part of the Legion's efforts in behalf of children.

In addition, the American Legion has played a major role in the accomplishment of updated child care concepts and the establishment of sound state and federal programs for the care and protection of children.

City merger JC study reported

STROUDSBURG — The feasibility study of the proposed merger of the Stroudsburg and Stroud Twp. being conducted by the Pocono Mountain Jaycees was reported by Harry Mullins at the final meeting of the Clearview Parent-Teachers Assn.

Mrs. Edward Hunsicker, vice president, presided at the business meeting when the PTA voted to sponsor a Boy Scout Troop for boys who have advanced from the Cub Scout Pack already sponsored by the group.

They also voted financial assistance toward the class trips planned for the near future.

Bangor future meeting topic

BANGOR — "What is in the wind for Bangor?" This is going to be the topic for Wednesday's Bangor Exchange Club meeting at 6:30 p.m. in Ockey's Hotel.

A Town Council and Chamber of Commerce representative will discuss Bangor's \$2 million revitalization plan. Members are asked to attend so that the club, as a whole, will have a definite stand to take regarding the redevelopment of the Bangor Business Area.

Colleges different

A newspaper article the other day reported that college newspapers across the nation split their editorial endorsements between Democratic Senators Kennedy and McCarthy.

Either they've lowered the voting age or college newspapers have more prestige and influence than they used to. Looking back, the sturdiest editorial stand we ever made on anything was to recognize Tyrone Power as an alumnus. This was quite a feat for a Catholic university publication, as Tyrone had more trips to the altar than an absent-minded priest.

In my freshman year, we'd never have considered it. We ran letters from missionaries and interviews with teachers posing such provocative questions as, "What's your favorite color? Your favorite food? Your favorite movie star?"

Gossip column In my sophomore year, we actually worked up to a campus gossip column under the by-line Sarah Hearburn. No one suspected, of course, but Sarah Hearburn was a fake name. It was a cover-up for the whole staff so that we could report uninhibited.

We stirred up a lot of controversy like, "Why does the registrar chew gum?" and "The volleyball coach wears support stockings." and "What president of what midwestern Catholic university drinks the

cafeteria coffee for penance during Lent?"

It was in my junior year, though, that we inadvertently found out that Tyrone Power was a former student. When we wanted to make a big thing of it we were told to keep it down as they weren't about to award him the Divorced Catholic of the Year Award.

The staff moved into action like crusaders. After all, didn't the press have to stand for something? Did the school officials think they could suppress the truth? Could they turn a man out of his university for a roving eye? (If that were the case we wouldn't have enough alumni left to support a debate team, let alone football.)

Quickly, we scrapped our lead editorial on "Are ROTC Hats Made For Human Heads?" and substituted a glowing tribute to Tyrone Power, wishing him well on his forthcoming marriage.

Fantastic following Our timing was fantastic. Our paper came out Wednesday afternoon. On Wednesday morning, the Pope in Rome sent

his papal blessing to Tyrone Power and his bride-to-be. Our one big pitch for a sensational editorial stand came out like a holy card. That was our first and last attempt at stirring up controversy. Our enthusiasm was quelled. Our spirit broken.

During my senior year, we came out editorially for the "next president of the United States, Thomas E. Dewey."

... But it just wasn't the same.

Tuberous Begonias prey of mildew

By GEORGE ABRAHAM
Record Garden
Correspondent

TUBEROUS BEGONIAS: This shade lover has one fault. It's highly susceptible to mildew, the white fungous condition you see on the stems and leaves. You can keep the disease down by preventing water from splashing on the foliage. Also provide ample air drainage.

Dusting or spraying the plants with Mildex (also listed as Karathane) keeps the disease out. It's a lot easier to prevent mildew than it is to cure it once the disease has occurred.

Did you know you can raise tuberous begonias from seed? Sow seed on a porous red brick which has a thin layer (about one-third inch) of rich, humusy soil, or peatmoss. Put the brick

in a tin pan (such as tin bread baking pan) and keep about two inches of water in the bottom of the pan.

The brick automatically waters the soil by capillarity, avoiding splashing. Do not cover seed. Simply firm it into the planting medium with your fingers. A pane of glass can be put over the pan to help keep the soil moist.

Want to know more about bulbous plants? Send me a self-addressed, stamped envelope and ask for a copy of my bulletin, "How To Raise Tuberous Begonias, Caladiums and Cannas. My guide is packed full of good tips on growing these handsome plants.

WEEDS IN FLOWER BEDS: Many ask me if there is a good weed killer which can be used in an iris bed full of quick

grass. I wish there was such a thing.

Your best bet in the iris bed is to dig up the plants, shake the weeds out and burn them. Then divide your iris and reset them far enough apart so you can weed them by hand. Your hoe is your best weedkiller.

In the vegetable garden you can use a light hoe or a hand cultivator, or one that's motorized. Rotary tillers make a good weapon for controlling weeds, but do not cultivate too deeply as it can hurt the roots.

Another good weed killer is a plastic mulch. Black plastic has been popular because it does not allow weeds to sprout beneath and it traps the moisture inside. Organic mulches, such as sawdust, straw, ground corn cobs, coconut shells or cotton seed hulls,

provide all the benefits of weed control. There are some chemicals (herbicides) useful for the home fruit- and vegetable garden, and two you might try are dacthal and smazine. Follow the directions.

GREEN THUMB CLINIC: A reader writes: "Every summer our clump birch tree gets brown leaves which shed. We can't spray because the tree is too tall. What can be done?"

Answer: Try using one of the newer systemic pesticides. All you do is scatter some of the granules under the tree and water it in. The plant absorbs the chemical into the sap stream. When the leafminer eats some of the sap or tissue, it is killed. There's no danger of poisoning birds or pets with the new systemic pesticides.

Warehouse fire in Williamsport

WILLIAMSPORT, Pa. (AP)—A general alarm fire raced through a warehouse Monday, sending flames high in the air and causing an estimated \$2 million in damage. Fire Chief Harold E. Kinley said.

The 2½-story brick building was owned by Nyhart's Inc., a hardware and houseware firm, which used part of the structure, fire officials said. Other parts were leased.

Community series ends

PORTLAND — A Communion service climaxed the series of community Lenten services in

the Portland area. It was held in the Portland Methodist Church.

The host choir sang two anthems with Miss Mary Jean Beck and Miss Pat Ribbie as soloists. Rev. David McLaughlin presented the meditation.

The Hole Truth

You be the judge. Look to the left. That slice has holes — air can get in to stale your bread. Look to the right. That slice is Sunbeam. It has no holes. Because Sunbeam whips 'em out. You see, only Sunbeam is Batter Whipped for the texture so fine and tightly knit that air takes much longer to dry it out. Freshness really lasts — because it's whipped-in. The evidence is clear: for the kind of freshness that does justice to your bread, look to Sunbeam!

for whipped-in freshness
go Batter Whipped Sunbeam!

Voting picture by districts

Some people did vote—but not many

Reflecting the lack of voter turnout Tuesday, Mrs. Francis Drake, election inspector for Delaware Water Gap, finds plenty of time to tend to her knitting during Tuesday's primary election.

(Staff photo by MacLeod)

The day's pace was slow all over as statewide polling places reported an almost unbelievable light turnout for Tuesday's primary. In Smithfield Township Mrs. James Staples, minority inspector, centers her election day interest on a puzzle.

South Africa officially out of 1968 Olympic Games

LAUSANNE, Switzerland (AP) — South Africa was officially voted out of the Mexico City Olympics Tuesday.

The International Olympic Committee said a majority of its 71 members had voted to withdraw the invitation to South Africa to compete in the Oct. 12-27 Games.

A simple majority of 36 was required, but an IOC spokesman said at least 40 votes already have come in against South Africa. And not all of the votes are in yet, he added.

Thus reversed an IOC verdict decided by a postal vote during the Winter Olympics at Grenoble, France, a little more than

seven weeks ago.

At that time 36 of the 71 voted in favor of South Africa's reinstatement. The nation had been banned in 1963 because of its racial policies. The Grenoble decision was based on a pledge by South African Olympic Committee officials to send a multiracial team to Mexico City.

In Johannesburg, the head of South Africa's Olympic Committee said, "The Lausanne decision is illegal, immoral and unconstitutional," but added, "We will accept the illegal position as it stands now in a gentlemanly manner."

"We feel, at this stage at least, no useful purpose would be served by standing on house

tops and shouting our anger to the world and vilifying the IOC as such," said the president, Frank Braun.

He said South Africa will carry on in the Olympic movement "even if we are excluded this year."

The vote of the IOC members backed the recommendation of the IOC's nine-man executive board. The board met in an emergency session here last weekend and recommended that South Africa's invitation be withdrawn.

Mexico's organizing committee had requested the emergency meeting following threats by more than 40 nations that they would boycott the multimillion

dollar Olympics if South Africa competed.

Many other nations, especially the Soviet Union had forcefully indicated they also would not compete with South Africa.

The IOC, dominated by a powerful elite of rich idealists and headed by Avery Brundage of Chicago, was generally in favor of readmitting South Africa to preserve the universality of the Games.

Brundage had consistently maintained through the years that "the Olympics is above politics."

But the pressure of world opinion forced the emergency session and the second vote.

PHILADELPHIA (AP) — Jim Davenport hit a grand-slam home run and drove in five runs in all Tuesday night, leading San Francisco to a 7-1 victory over Philadelphia behind Juan Marichal.

The defeat ended a five-game Phillie winning streak and was charged to Chris Short who was locked in a scoreless duel with Marichal, who won his third straight game, until the sixth inning.

Jesus Alou began that frame with a single, only the third hit off Short, 2-2. Willie Mays walked and Jim Hart beat out a slow grounder.

Then, with two out, Davenport hit his first homer of the season, and the third grand-slam of his career, into the lower left-field stands.

Cardinals lose 3-1 to Bangor

BANGOR — Bryce Onjack's two-run triple ignited a three-run rally in the sixth inning Tuesday that carried Bangor to a 3-1 victory over Pocono Mountain in the Lehigh-Northampton's Northern Division.

The Staters' Brian Stenlake and the Cards' Doug Miller were locked in a scoreless duel through the first five innings.

But the visitors broke the ice in the sixth when they bunched three straight singles. Gary Kirkwood rapped off his third straight hit and moved to second on Miller's bunt single. Bob Crowl then singled to left to drive in Kirkwood.

The lead was shortlived as Bangor came back in its half of the inning. Brad Farino singled, stole second and Al Lobb walked. Onjack then followed with his triple to easily score Farino and Lobb. A throwing error allowed Onjack to score the final run of the inning.

Stenlake finished with a seven-hitter and struck out nine. Miller allowed only four hits and struck out eight.

Cavs rout Bears for third win

EAST STROUDSBURG — East Stroudsburg High opened its Lehigh-Northampton League season Tuesday with a 9-4 victory over Pleasant Valley. The Cavaliers are now 3-0 for the season while the Bears fell to 2-1.

Katt ready to test arm

ST. PAUL—MINNEAPOLIS (AP) — Sometime next week, probably as a relief pitcher, Jim Katt will give his left arm its first game-condition test this season.

How it responds may determine what the Minnesota Twins do in the American League pennant race.

Katt comes off the disabled list, where he has been since the season opened, next Monday. He tore a muscle near his left elbow last fall, then tore it in the Twins' first intrasquad game in spring training.

Nobody will know until he pitches in a game whether the arm is ready.

"The only true test," he said of his arm, "will be to actually pitch a game. You can do all the pitching in the world on the sideline and it's not the same as doing it in a game."

"There is nothing like throwing in a game. You don't have the mental strain that you have

when you're out there."

Katt says he's as ready as he can be now. His treatment has ended and he's been pitching batting practice and throwing hard on the sidelines.

Cubs acquire Phil Regan from Dodgers

CHICAGO (AP) — The Chicago Cubs acquired relief pitcher Phil Regan and outfielder Jim Hickman from the Los Angeles Dodgers Tuesday in exchange for outfielder Ted Savage and pitcher Jim Ellis.

Regan, 31-year-old right-hander, was a standout for the pennant-winning Dodgers in 1966 when he won 14 games, lost only one and appeared in 65 games. He pitched in 55 games last season, compiling a 6-9 record.

The veteran, nicknamed The Vulture, was credited with both victories last Sunday when the Dodgers swept a doubleheader from the New York mets.

The Cubs immediately assigned Hickman to Tacoma of the Pacific Coast League.

It was the Cubs' second trade for a relief pitcher in two days. They obtained Jack Lamabe from the Cards Monday.

"I'm on the same program I would be on if I were starting in the regular rotation," he said. "Sometimes I throw 10 minutes, and sometimes it is 20 minutes. I pitch ever other day. That's what I would do if I were pitching. I'd pitch a game, then skip a day and do some throwing and then skip another day and start again."

"I'm ready to start a game, but there is no way you can be in condition to pitch a game until you've actually pitched. You have to pitch your way into shape."

"I feel no twinges or burning sensation like I did when I reinjured the arm this spring. The doctor has given me no indication he suspects there is anything wrong at all."

Manager Cal Ermer said circumstances will dictate whether Katt gets a starting assignment or pitches for the first time in relief.

Cubs rout Braves on big fourth

CHICAGO (AP) — Chicago's six-run outburst in the fourth inning broke up a duel of the pitching Niekro brothers and swept the Cubs to a 10-4 victory over the Atlanta Braves.

Joe Niekro of the Cubs was clobbered for bases-empty homers by Hank Aaron in the first and Cleto Boyer, in the second and in the eighth. But Chicago routed Atlanta's Phil Niekro while batting around in the fourth.

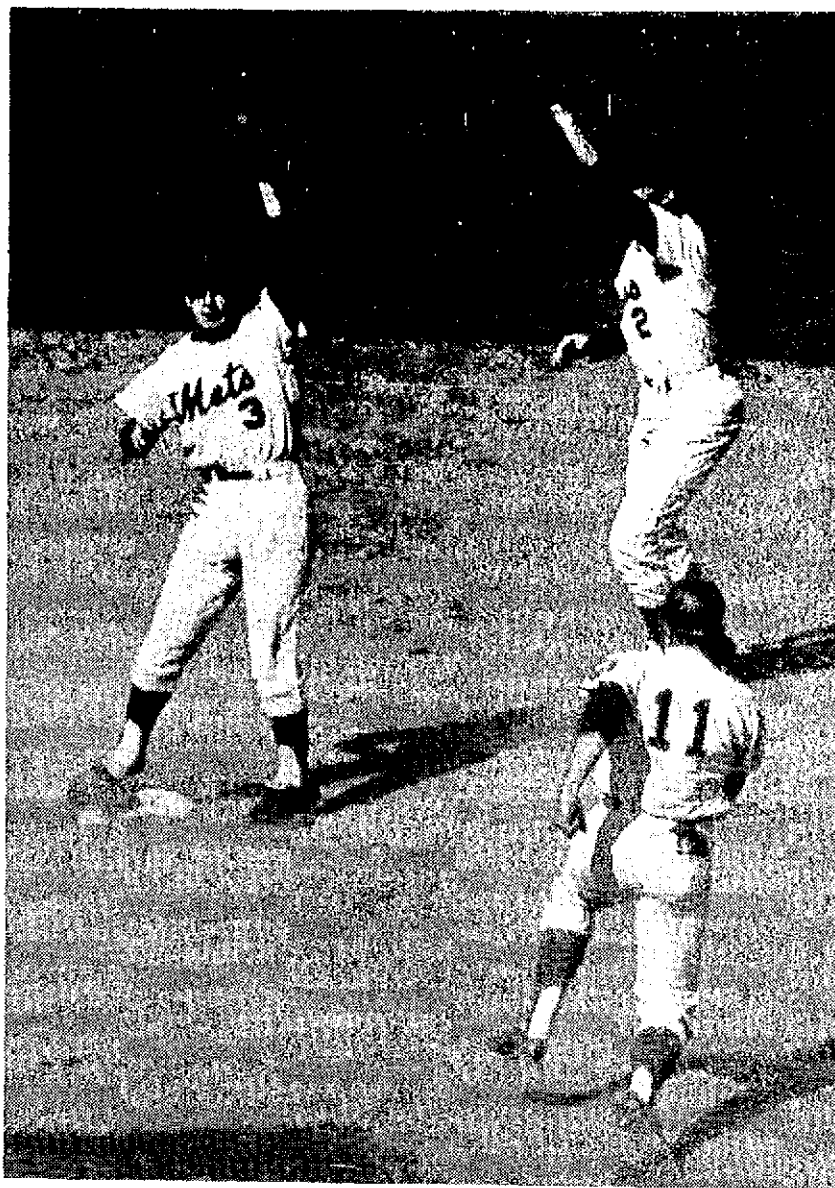

It was the second head-to-head meeting of the Niekro brothers. Phil, 29, beat Joe, 23, as the Braves defeated the Cubs 8-3 last July 4.

Phil's first defeat against two victories was sealed in the Cubs' big fourth in which the first five batters slammed hits to chase the Atlanta starter.

Reliever Ron Reed yielded a two-run double to Randy Hundley which wrapped up the six-run inning.

Pen Argyl crushed by Eagles, 18-0

NAZARETH — Dan Hewko hurled a two-hitter Tuesday as Nazareth opened its Lehigh-Northampton League season with an 18-0 rout over Pen Argyl.

The Blue Eagles banged out 11 hits off the Knights' two freshmen hurlers, Taylor and Toth, but also took advantage of 13 Pen Argyl errors. Of the Nazareth runs only four were not tainted.

Hewko, who also fanned nine, gave up only singles in the fourth to Todd Hoffner and to Mel Fritz in the sixth. Pen Argyl is now 0-3 for the season.

Mets' Koosman hurls third complete game

NEW YORK (AP) — Jerry Koosman's consecutive scoreless innings streak ended at 21 Tuesday, but the rookie southpaw still pitched the New York Mets to a 3-1 victory over Houston.

Consecutive fielding errors by pitcher Denny Lemaster led to the Astros' defeat.

Koosman, who blanked Los Angeles and San Francisco in his first two starts of the season, yielded only four hits and struck out 11 Houston batsmen. Lemaster committed his two errors in the sixth inning when

the Mets scored twice and broke a 1-1 deadlock.

With one out in the frame, Ron Swoboda was safe at first when the pitcher bobbled his slow grounder. Ed Charles, the next batter, also hit a slow grounder to Lemaster, who threw it past first base into right field for another error.

When right fielder Rusty Staub let the ball bounce past him for the third error of the inning, Swoboda scored the tie-breaking run and Charles moved to third.

Greg Goossen's single to cen-

ter scored Charles.

Koosman equalled a club record for consecutive scoreless innings set by Hal Reniff last season by blanking the Astros over the first three frames.

Houston ended the skid in the fourth when Bob Aspromonte's double to left center scored Staub with two out.

Reading is still the fastest way to program the human brain.

Man's brain, the human computer, faces a problem. Like man-made computers, the brain can process data with such lightning speed that men are hard-pressed to devise ways of feeding it information fast enough.

In fact, the human brain has been called the world's finest, most expensive computer. By

comparison, the largest electronic computer in use today looks like a child's plaything.

But in an era of "information explosion," how do you "program" information to the human brain? Spoken language is far too slow. The average person speaks about 150 words per minute. The mind can think far faster than that.

In fact, man has yet to devise a means of feeding information to his brain that

is more efficient than the written word. Fast readers can read up to 1,500 words a minute—ten times the average rate for the spoken word. Scanning can accelerate this rate still more.

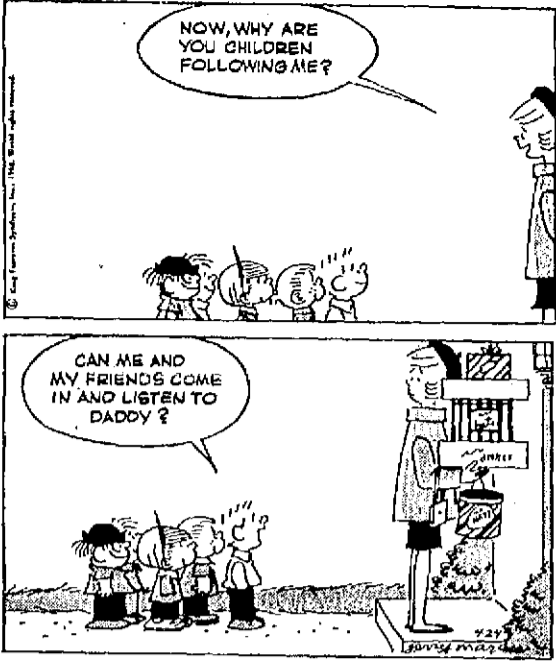

Perhaps some day men will devise some electronic system to program their own brains more rapidly. Until they do, no method is as efficient as the written word.

The alphabet, movable type and the printing press are among man's oldest inventions. But as tools for furthering human knowledge they are as modern as the most modern computer.

Perhaps this is the reason more people still get more information from daily newspapers than from any other source.

Fast growing group

Pure-blooded Hawaiian rapidly vanishing from island

HONOLULU (AP) — The pure-blooded Hawaiian is rapidly vanishing from the 50th state. But intermarriage with other island ethnic groups has resulted in the part-Hawaiian being one of the state's fastest growing groups.

The 1960 census shows more than 10,000 full-blooded Hawaiians, but state statistician Robert Schmidt says it is "highly questionable whether many people claiming full Ha-

waiian blood are indeed un-mixed." Hawaiians and part-Hawaiians now make up slightly more than 18 per cent of the state's population. As of July 2, 1967, Hawaii's population was estimated at 674,315, excluding U.S. servicemen and their dependents.

Besides intermarriage, the disappearance of the pure Hawaiians can be attributed to disease in the early missionary

days, and a high out-migration in more recent times. Of the 85,000 Hawaiians and part-Hawaiians at the time of the 1950 census, more than 28,000 were living on the mainland by 1960.

Schmidt points out that for every Caucasian that leaves the islands, another Caucasian arrives from the mainland. But when the Hawaiian leaves, there is no immigration to balance the statistics.

One simple explanation of the

demise of the Hawaiians is that they gave while the others got. When the other ethnic groups came to Hawaii, they took advantage of the opportunities. Meanwhile, the Hawaiians gave so completely of themselves and continued living in their care-free, unburied manner that they found themselves economically on the bottom among the various groups.

This led to a breakdown in family life and resulting social

disorganization. Hawaiians have the highest crime rate among the ethnic groups, and also a high illegitimacy rate.

Various programs have been set up to help the Hawaiians, including the Hawaiian Homes Commission Act, passed by Congress in 1920, establishing housing tracts where persons of Hawaiian or part-Hawaiian ancestry can live practically rent free. The state has also provided means of assistance, includ-

ing a recent program to provide loans to these people for buying their own homes and for education of Hawaiian youth.

Some critics see such programs as a paternalistic effort making the Hawaiians dependent upon others. They equate the Hawaiian Homes lands with American Indian reservations, and say this is making the Hawaiian a second-class citizen in his own native land.

JACK O'BRIAN'S

Voice of Broadway

Edward G. Robinson's too rich to bother taking an offer to be art buyer-adviser for a big firm. Vincent Price's credentials for that odd job were set on the \$64,000 TV whatzises. All the metropolitan squares were do-se-doughing at the Hotel Taft's country-music Nashville Room but "Fiddler on the Roof" star Harry Goz was doing the Hora; that's an Israeli square dance.

After his string of movie hits, David Hemmings talked London's BBC into letting him be a disc jockey. Television producer Bob Banner should face some fun when he tries to peddle a series to ABC: he called it an "of-Broadway Network". Drastic shortage of nurses in New York is downright desperate on night shifts. WMCA deejay Jack Spector's losing an eye via surgery.

Italian-type comic (very funny lad) Pat Copper had six straight winners at Yonkers-trotter-ia. Can't figure if French sad-singer Charles Aznavour has a sense of humor or solemnity: after a civil marriage in Las Vegas and an American church ceremony in Paris, he and Swedish bride Ulla Thurell now plan a Protestant wedding in Stockholm; once after that in a Catholic church and a synagogue and they'll have played religion right across the board.

Jimmy Durante gave up cigars. Peter Ustinov's now a trustee of Scotland's Dundee University. Songwriter Gladys Shelley announced she's "appalled and shocked" at the way our flag's mistreated so she's written a new song "Hang Out Our Flag". Being "held over" is nothing new for Sophie Tucker, even posthumously: the New York City Cultural Information Centre extended Sophie's exhibit at its 148 E. 57th St. location.

Jim Reeves has been dead almost four years but his records keep hotcaking along: "Distant Drums" is his second "golden record" RCA album plus a slew of single records on the charts. The Yanks (headed by Stanton Miller) who bought the liner Queen Elizabeth also just paid \$125,000 for 17 vintage Rolls Royces. Famed separated film star slashed her wrists a few months ago in Switzerland, she now ruefully tells pals. Joyce Nolan of the "Curley McDimple" off-Broadway hit passed out during intermission but came to and hung in there for the last act.

French actress Micheline Presle frankly boasts she and artist Francois Arnel have lived together these last 10 years; blames her marital gun-shyness on three past marriages to a couple of actors and

industrialist. Jacques Bergerac and Gloria Garrick called it off. Mexican furniture shop at 92nd and 2nd — "Pancho's Villa."

Scandinavian prince convinced the king to okay the commoner he wants to wed; she promised to commit suicide if pop stuck to his royal snub.

Great old star Stanley Holloway's son Julian and "Joe Egg" star Zena Walker (she's marvelous) dig each other and the Freddy Cole music at Miss Lacey's. Gene Krupa's piano playing doesn't compare with his drumming possibly because his Yonkers' piano tuner's name is Lombardo.

Estelle Parson's unabashed almost childish delight at winning her Oscar was pleasantly plain 24 hours later on the Tonight Show and made that gifted butterball seem she wouldn't wipe off the grin for another year; a most communicating good cheer, so much more attractive than a George C. S. Scott rejecting acting awards he didn't even rate. Add the TV commercial for the state of New Jersey as one of the nicest we've ever noted. Nixon men at the Miami Beach Hilton Plaza upped their GOP-convention reservations for rooms from 100 to 125. We still think it'll be Rocky.

Casting Against Type: Our old Broadway pal Kay Medford signed for Universal's Andy Griffith movie "Angel in My Pocket"; one of the softest-sympathetic-nice gals of all acting time, Kay again gets a "domineering mother role" role. The way Frenchmen are staying away from Paris film theatres you'd think De Gaulle had signed an order.

At Christo's celebrity steak-house, great composer Harold Arlen said he's writing a musical composition for the Temple Abath Y'shurer in Syracuse, in memory of his father who once was its cantor. Harold also reminisced that in 1940 he and Ted Koehler, with whom he wrote "Stormy Weather" and many other hits, had turned out a suite of six songs called "Rev. Johnson's Dream." It was illustrated by Henry Botkin, cousin of George Gershwin and was recorded by the Hall-Johnson Choir. "It is startling, the parallel of that 28-year-old suite and the Martin Luther King tragedy," Harold said.

Sammy Davis supposedly is set to play Chicago and or London in "Golden Boy" but he's also committed to the London Palladium next fall for that famed music hall's first all-American revue; Barry Evans, gifted impressionist at the African Room, also is signed, before which Barry jets to Vietnam with a hospital troupe.

Declarer leads another heart and West must find a discard.

Opening lead—king of clubs.
 Players who like to dabble

with squeezes can test their talents with this hand where West cashes the K-A of clubs and gives East a ruff.

After East returns a trump, how can South win the rest of the tricks assuming best defense by East-West? To make the problem easier, assume declarer gets the East-West cards.

The usual difficulty in hands of this type is that when South runs his trumps he finds that dummy gets squeezed instead of the defenders. However, sometimes the squeeze operates satisfactorily even though dummy is squeezed out of a key card.

Take this deal where South has an easy game!
